Sports

DILLINGHAM IN COAST POLO

The following article, with a two-column picture of Walter Dillingham seated on a polo pony, appeared in the San Francisco Call of May 3:

The polo season of 1908-1909 is now a matter of history. The last game of the season was played yesterday on Charles W. Clark's field at El Polomar in San Mateo. There were only three players on a side instead of four. But what was lacking in numbers was more than made up in the quality of polo. It was as good in many respects as had been seen during the season.

The lineup looked as if the Whites should have won. However, it turned to be different, for the Reds carried the day, although every point that they gained was disputed by the Whites. Dillingham and Hobart worked well together, and were responsible for the large score. The full six periods were played.

There were several long runs and shots. The ponies will be turned out until next fall, when they will be brought up early for the big season which is planned.

BASEBALL AT LEILEHUA TODAY

This afternoon there will be big doings at Leilehua. The Fort Shafter team will journey out to the wilds of the hills to try conclusions with the Fifth Cavalry bunch, and the Infantry kids are determined to win a game for a change.

There is little excitement over the race for first place, as the N. G. H. is now so far in the lead that only a series of disasters could prevent them from winning the pennant in the Military League, and it is generally conceded that they will win hands down.

But there is quite a lot of excitement over the struggle for second place. At first it looked as though the Cavalry would get this easily, but since their defeat by the Marines last week and the great showing made by the Fort Shafter team against the Guards last Sunday, things have taken on a less rosy tint for the four-leggeds.

The boys from Fort Shafter should have an excellent chance to get a Cavalry scalp today if they put up the same kind of a game that they did last Sunday. They will be at some disadvantage playing on grass when they are used to a skin diamond, but this did not seem to bother them much last Sunday, and a victory for the Infantry kids would not surprise any of the fans very much.

Each team has now three more matches to play. The last game will be on Sunday, June 6, at Aala Park. Next Sunday the N. G. H. team will play the Marines at Aala Park. Should the Marines, by any chance, win this game, it will make them almost certain of second place.

SAINTS VS. HIGH SCHOOL TODAY

At Alexander field this afternoon the Saints will play the High School. If the former can work the oracle and defeat the McKinley kiddos, they will put a large crimp in aspirations that have been indulged in by some people near Thomas Square.

If the High School win today, they will be tied with Punahou for first place with .666 per cent. If, however, the Saints win, then they will be tied with High for second place with .500 per cent. each.

The possibilities of this series are still as keen as ever. It is true that the Kams are at the foot of the list, but by winning most of the games still left to be played they can work their way up to the head of the series, provided that no other team wins too many games.

The best thing that could happen for the Kams would be to have the Saints beat the High School today and then to beat the Saints next Saturday. In that case the Saints and Kams would be tied with .428 per cent. Then, if the High School should defeat the Puns, these two would again be tied for first place with .571 per cent., and it would take the Kams only a couple of victories to get in the lead.

Should the games turn out any other way it will mean disaster for the Kams. At present it looks something like a struggle between High School and Punahou, but this is a matter that is impossible to forecast correctly after the sad upsetting of all the dope so far.

The annual report of the General Electric Company of Schenectady, N. Y., for the year ending January 31, 1908, just issued, shows profits for the year of \$4,802,252.

Vapo-Cresolene

Established 1879

Whooping Cough, Croup, Bronchitis, Cough, Grip, Asthma, Diphtheria, Cressolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs, than to take the remedy into the stomach? It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or the chronic conditions of the throat.

Sold by druggists. Send postal for booklet. VAPOR-CRESOLENE CO., 180 Fulton St., New York, U. S. A.

Cures Whooping Cough

AMUSEMENTS

SCENE FROM "FROM FARM TO FACTORY," AT THE ORPHEUM.

A Charming Rural Comedy-Drama.

The Elleford company presented "A Texas Steer" for the second time at the Orpheum last night to a good house and everybody was more than delighted.

A special matinee will be given today of the charming fairy play "Cinderella." Last Saturday the house was packed to the doors and many were unable to secure seats, hence the repetition of the play. The prices this afternoon are ten cents for school children and twenty-five cents for adults to all parts of the house.

The bill for tonight is Ernest Lamson's four-act pastoral comedy-drama, "From Farm to Factory." It is a simple modern story of plain people, but it has a powerful pathetic story charmingly told. It is not devoid of comedy; in fact, there are half a dozen comedy parts to provide plenty of laughter.

The story deals with Tobe Hoxie, who is a poor country lad. His father is a drunken brute. The mother is dead, and the father is trying to make the daughter go back and live with her drunken husband, and when the son Tobe interferes he drives out the sister and brother and they go to the city. Here the brother secures a job in a large factory, and he tries to get some concessions for the workmen, but there is a strike and he loses his job, his brother-in-law working to that end. He finally makes the management of the works see that he is right. The old, broken-down father comes and lives with the brother and sister and the family is reunited. The story is very simple, but there are little touches of humor and pathos that go toward making it a great production. The Osborn children will have a new specialty, and

Ray Collins a new illustrated song. Seats are now on sale for all performances.

Ingalls Recital.

On the program for Mrs. Ingalls' recital, Thursday evening, at Mrs. Frear's, appear two numbers by Miss Elsie Werthmueller, pianist, whose very artistic and musical touch and interpretation are all too rarely heard in concert. She will play the celebrated Rachmaninoff prelude in C sharp minor, which depicts in dramatic and stirring harmonies the siege of Moscow. It is a favorite with all concert artists. Miss Werthmueller's second number is an arrangement, for the left hand alone, of the always-popular sextet from "Lucia" by Leschitzky, that wonderful master who has made more great artists on the piano than any other teacher the world has known. The arrangement of the sextet is a technical feat only possible to an artist, hence much pleasure may be anticipated by those who attend the recital. Tickets are for sale at the music stores and at Gurrey's.

Concert by the Band.

There will be a public band concert this evening at 7:30 at Aala Park.

PART I.

March—Edelweiss.....Simon Overture—Ivan.....Contorno Intermezzo—Hearts and Flowers, Tobani Selection—Nabucco.....Verdi

PART II.

Vocal—Hawaiian Songs..Ar. by Berger Selection—Prince of Pilsen.....Luders Fantasia—Mount Guard.....Ellenberg Finale—Moanala.....Berger The Star Spangled Banner.

IRWIN CUP RACE THE NEXT EVENT

The next event on the yachting calendar will be the Irwin cup race on Sunday, May 23. This race is open to all yachts in the club. The course is from Honolulu harbor entrance to Koko Head, thence to the outer mark off Pearl Harbor entrance and back to Honolulu.

Other events planned by the club are: June 6, Cooper cup race; June 11, 12 and 13, cruise to Kahului, in which the Concord, Luka and Hawaii will take part and race; June 26, Governor's cup race; July 3, 4 and 5, cruise to Haleiwa; July 11, Macfarlane cup race; July 25, Beckley cup race.

During August there will be a series of sea-wren races, as it is certain that they will all be completed by that time. The first of these races will be at Pearl Harbor on August 1, and it is hoped by the regatta committee to arrange another public excursion for the event.

During September there will be the race for the Kalakaua cup and an arbitrary handicap race, in which all the entries will be handicapped according to their performances during the season.

Sport Notes

There will be a meeting of the Kapiolani League tonight at 7:30 at the residence of Mr. Sylvia. All members are requested to be present.

There will be a meeting of the Oahu Polo Club tonight at the Pacific Club at 8 o'clock. All members and all those who are interested in the game are urged to be present. Arrangements for the coming polo season will be made and business of importance discussed. The club is very anxious to attract all sportsmen, who have the means to keep ponies, and get them interested in this great game.

The Wall, Nichols team will play the B. F. Ehlers employees next Sunday morning at 9 o'clock at Aala Park.

The following schedule has been adopted by the Plantation League for the balance of the series: May 16, Ewa vs. Waialua, at Ewa; Waianae vs. Aiea, at Ewa. May 23, Ewa vs. Aiea, at Ewa; Waialua vs. Waianae, at Waianae. May 30, Waialua vs. Aiea, at Ewa; Ewa vs. Waianae. In the last game the leading team will have the choice of ground. If they are tied, the game will be played in Honolulu.

There is talk of some motorcycle racing at Kapiolani Park on June 11. Fast time could be made if the track were put in proper shape, but it is hardly safe to try and make fast time on that track in its present condition.

There will be a meeting of the directors of the Healan Boat Club this evening in Odd Fellows' hall at 7:30. President Les Petrie expects to sail for the Coast by the next Hawaiian for an extended vacation.

Falling 350 feet from the thirty-fourth story of the Metropolitan Insurance Company building in New York, Thomas Mortimore, forty-two years old, was killed. Hundreds of people in Madison square saw him fall.

Army and Navy News

Local merchants were notified yesterday by the Post Quartermaster at Fort Shafter, Lieut. A. W. Chilton, that they will be privileged to bid on supplies for the post for the next three months. The quartermaster stated in his official announcement that requisitions would be forwarded from his office to the Chief Quartermaster of the Department of California for the supplies needed during the quarter ending September 30, 1909. He requests information as to prices at which these articles can be purchased in this city, and as soon as practicable. Should conditions justify, he adds, it is the intention to purchase locally—all of which is good news to local merchants. The list which the quartermaster issues of supplies needed included iron, caulks, farrier knives, lampblack, horse shoe nails, shoes for mules and horses, paint, tires, fire bricks, couplings, pipe fittings, bushings, tests, gate valves, sheet iron, waste cotton, iron stovepipe, brooms, a wagon, blank books, mops, typewriting paper and Sapolio.

Officers for Honolulu.

Among the officers aboard the transport Sheridan due tomorrow who are to be stationed here are Captain Waldron, 23rd Infantry, who is to install the electric controls for the batteries of Forts Ruger and De Russy, Captain Putnam, Lieutenant Connor and Lieut. Lewis Watkins are officers attached to Company G, Engineers, which is composed of 140 enlisted men. Among others aboard the transport en route to Manila are Lieut. G. N. Kimball, 12th Cavalry, who passed through here the first time in 1898, as an officer of the famous Utah battery which did such excellent service in the Philippine insurrection.

Ida M. Tarbell, known as the feminine Standard Oil specialist, gave a woman's view of the Payne tariff bill in an address at a dinner of the Academy of Political Science in New York. She remarked that Payne had compensated for what he had put on history by endeavoring to lower the price of shoes and that the increase in the cost of shoes in the last few years had been one of the tragedies of working women.

Andrew Furness, chairman of the legislative committee of the International Seamen's Union, made a report to Congress and urged the passage of a law that would place the obligation on the owners of vessels to man them with skilled seamen, and thus avoid a repetition of the disasters that have resulted from the inefficiency and incompetence of the crews which are ordinarily employed.

OAHU POLO CLUB.

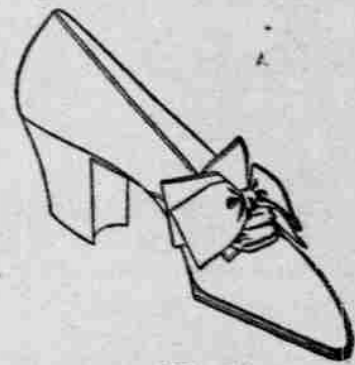

The annual meeting of the Oahu Polo Club will be held at the Pacific Club, at 8 o'clock p. m., Wednesday, May 12. All members and those interested in polo are urged to be present, as much business of importance will be transacted, and arrangements will be made for the coming polo season.
